E-Mail

For One Low Monthly Rate!

With **Integr@Te** you save money and improve your efficiency with a state-of-the-art integrated T-1 line. It delivers both voice and broadband data to your business with so many advantages.

- Affordable business phone service and high-speed Internet on a reliable T-1 connection.
- Get voice and Internet for what was once the cost of voice.
- One single monthly payment amount. Standardize and stabilize your telecom billing.
- 1000 free Long Distance minutes each month.
- Free Unicom Voice Messaging.
- Free DIDs for PBX owners.
- Get the 3 calling features most businesses need as part of the package: call transfer, call forwarding and 3-way calling.
- Scalability to reconfigure and grow telecom services right along with your company. When you add a line, the monthly cost remains the same!
- Distance from CO has no bearing on availability or bandwidth.
- Always-on Internet.
- Free Web Hosting w/ 3.5 Gb of Web space.
- 40 POP3 email accounts.
- One year of free domain name registration
